Time:	4.15 – 5.15 pm
Location:	online via Zoom/Teams
Lecturer(s):	Prof. Dr. Benoît Zuber (ANA) Dr. Steven Proulx (TKI)
Target audience:	PhD students of the Cutting Edge Microscopy PhD program Lecture Series on Advanced Microscopy plus exam (KSL 9256)
Registration:	Send request via KSL in addition, please send e-mail to Rahel Eyer, rahel.eyer@mic.unibe.ch
KSL:	470897
Reward:	1.0 ECTS
Description:	<p>Each session, one student presents a paper which they earlier presented to the two lecturers who checked for them that the paper is within scope. The paper should deal primarily with microscopy. During the session, the student presents the paper with power point support. The rest of the group actively participate to the discussion.</p> <p>The presenter herself*himself approaches a senior scientist with experience in the field, who participates at the Journal Club. You may help to identify the probable specialists.</p>
Assessment:	Presentation of scientific publication(s).
